Networking Engineer

Tejas Networks Limited, Bangalore
Nov 2019 - Present

my Role as a Networking Engineer at Tejas is to configure the Equipments at Consumer End, Demonstrate them about the Network Equipments and briefly explain about its functionalities. Working with Backbone Networking Equipments like Multiplexer - Demultiplexer, Routers, OSPF Mapping, ONT, OLT and OTN Equipment Configuration, Hands-on experience with GPON Technology and Intra-IT Infrastructure network elements. Beginner experience in NMS and EMS configuration. Strong hand in Server OS Installation, Migration and Maintenance.

INTERSHIPS & TRAININGS

DotNET & Python

DLK Technologies, Chennai
Jun 2018 - Jun 2018

Database Building/Management

Ayan Tech Solutions, Chennai
Jun 2017 - Jun 2017

JAVA & PHP

DLK Technologies, Chennai
May 2018 - Jun 2018

Extended Reality Workshop

Cognit'18, Chennai
Aug 2018 - Aug 2018

Amazon Web Services Workshop

DLK Technologies, Chennai

Jun 2018 - Jun 2018

Web Development In-plant Training

CodeBind Technologies, Chennai

Dec 2017 - Dec 2017

Skill Enhancement Program

Shree Motilal Kanhaiyalal Fomra

Institute Of Technology, Kelambakkam

Dec 2016 - Dec 2016

Junior Diploma In Computer Science (JDCH)

CSC Computer Education Center,

Maraimalai Nagar

Apr 2005 - May 2005

Intent 2018

Agni College Of Engineering,

Thalambur

Mar 2018 - Mar 2018

Android Application Development

CodeBind Technologies, Chennai

Dec 2017 - Dec 2017

Junior Diploma In Computer**Hardware (JDCH)**

CSC Computer Education Center,

Maraimalai Nagar

May 2005 - Jun 2005

PROJECTS**Symptom Analysis and Disease Prognostication Using Machine Learning Over Big Data**

Jan 2019 - Mar 2019

<https://github.com/imAbhinavBharadwaj/symptomanalysisanddiseaseprdition>

A Major Project work done exploring Machine Learning Algorithms and Methodologies that can be Used over the Patient Data to Prognosticate their Health Stats and Diseases based on their Symptoms Experienced.
